Hopi mas hende den construcccion y desaroyo rond Aruba tumando mas cuenta cu conservacion di nos Shoconan

Tabata na 2018 cu Bon Dia Aruba a raporta cu exper-tonan internacional den e ciencia y conservacion di shoconan tabata na Aruba anto a constata cu nos shoconan falta di proteccion.

Awor Fundacion Parke Nacional Aruba ta bezig cu e proyecto pa proteha y conserva nos shoconan pa casi cinco aña caba y tur cos ta canando hopi bon pa loke ta conservacion di nos shoconan na Aruba.

Giancarlo Nunes, Research & Conservation Manager na Fundacion Parke Nacional Aruba, ta splica reportero di Bon Dia Aruba cu un di e prome problemanan cu a bin dilanti tabata cu shoconan no tabata tin un luga safe pa traha nan neishi na Aruba, poco poco esakinan a cuminsa wordo destrui. “Esey ta algo pasando na diferente caminda di mundo door di e desaroyo, cual ta causa conflicto cu e ‘nesting grounds’ di shoco.” E falta di areanan pa traha neishi a haci cu a bin cu idea pa traha neishi artificial.

Asina a purba toch pa facilita y amplia areanan cu por traha neishi. Unabes Sr. Nunes instala un di esakinan, un record nobo cu e tin ta 30 seconde despues pa un shoco bin uza esaki. E ocupacion tambe ta hopi halto, ta bezig ta en-

foca riba areanan di construcccion unda tin shoconan y no ta gara esakinan y trece nan parke. Ora nan ta den peliger den un area di construcccion por ehempel, ta busca un area cerca pa traha un neishi artificial cual ta bayendo hopi bon.

“Vooral den area di construcccion, e ta bayendo bon. Nos tin cu mas 80% occupancy rates, semper e neishi natural ta bay perdi y mas tanto di bi-aha nan ta move den e neishi

artificial traha pa nan,” segun Sr. Nunes.

Ta dificil pa sa cuanto desaroyo ta pasando riba e isla, nos tin masha hopi na diferente caminda, y ta dificil pa Parke comunica cu tur. Pero, ta ripara si mientras añanan ta pasando cu mas y mas hende ta birando consciente riba e situacion di shoco. Mas hende den construcccion cu ta topa cu shoconan y sa di proyecto di Parke, ta yama Sr.

Nunes pa pasa check nan. “E conscientisacion di pueblo a bira mas hopi delaster añanan pa loke ta situacion di shoco y hendenan mes ta contact mi aworakinan,” segun Sr. Nunes. Si e proyecto aki continua, mas y mas hende ta bira consciente y lo por mira unda mas tin lugarnan pa yuda e shoconan.

Sondeo pa miho bista di populacion di shoco

Aworakinan tin e areanan mas importante cu tin e cantidad di shoconan mas halto ta loke ta wordo sigui mas, eventualmente kier yega haci un sondeo di full e isla pa wak cuanto shoco nos tin di berdad. Na 1999 tabata e ultimo sondeo cu a wordo haci por medio di un estudiante cual a conclui cu tin ongeveer 130 – 140 breeding pairs di Shoco, aworakinan por imagina cu mas sigur despues di tanto desaroyo cu e numbernan lo ta mas abao. No sa esey sigur pues ta importante pa haci un sondeo nobo, no a yega e punto aki ainda na Parke pasobra e ta un trabao bastante grandi cu mester hopi hende pa esey cu sa con pa haci sondeo sin haci ningun daño.

E aña aki Sr. Nunes tabata tin su prome stagiaire cu a haci sondeo den parti grandi di Sero Colorado y eyan el a cubri henter e area, pues awo tin e prome mapping di Sero Colorado riba e shoconan y unda nan ta. Papiando awo

cu Vogels Bescherming Nederland, tambe cu par di universidad na Merca, pa mira si por haya algun extra stagiaire den e añanan venidero cu por ripiti e prome sondeo akinan cu a wordo haci. Si logra haci esaki na tur areanan na Aruba, por haya un bista di e populacion di shoco.

“Nos ta bezig, poco poco. Nos no por haci tur cos di biaha pero nos ta bezig. Baby steps,” Sr. Nunes ta expresa.

Pa hendenan ta consciente, den areanan di naturalesa vooral den areanan panort di Tierra del Sol, salina, of areanan habri pa bay offroading, ta luganan cu shoconan gusta traha neishi y bo no por wak nan.

Ta pidi pa por fabor keda riba e camindanan designa y no bay off e trail pa poco aventura, pasobra tin hopi otro bestia cu ta haci nan neishi bao tera no shoconan so, y tur esakinan si bay core cu offroad por haci daño na e bestianan aki.

Sr. Nunes ta bisa cu e shoco mester di nos ayudo, e no lo por sobrevivir si nos no haci nada. Aworakinan si tur hende por ta consciente di esey, y tambe si tin construcccion of ta mira cu tin shoco den peliger, pa tuma contacto cu Parke na 585-1234 pa Sr. Nunes check e situacion pa mira si por tuma accion si of no.

BCA ta mantene e reserva obligatorio na 24,0 porciento

Mester mantene e tasa di cambio fiho entre florin y dollar

E reserva obligatorio di banconan comercial ta keda na 24 porciento. Esaki ta decision cu Comite di Maneho Monetario, CMM di Banco Central a dicidi na Juli ultimo. E tarea di CMM ta pa evalua, determina y provee transparencia riba e accionnan di maneho monetario di Banco Central di Aruba BCA.

Durante e reunion di 20 di juli 2022, CMM a dicidi pa mantene e reserva obligatorio na 24,0 porciento entrante 1 di augustus 2022. Di e manera aki, e banconan comercial mester tene un balansa minimal na BCA cu ta igual na 24,0 porciento di e depositonan riba termino cortico di nan clientenan. E decision aki ta basa primordialmente riba e caida y tendencia di bahada spera den e nivel di likides excesivo na e banconan comercial.

Reservanan internacional

Reservanan internacional, cu ta consisti di reservanan oficial di BCA y reservanan di divisa na e banconan comercial a subi cu Afl. 329.0 miyon riba 1 di Juli 2022, compara cu fin di December 2021. E reservanan oficial a aumenta cu Afl. 233,5 miyon durante e mesun periodo, mientras e reservanan teni pa banconan comercial a subi cu Afl. 95,5 miyon. Consecuentemente, riba 1 di Juli 2022, e reservanan oficial y internacional a suma Afl. 2.978,4 miyon y Afl. 3.458,6 miyon, respectivamente. Pa e resto di 2022, BCA ta premira expansion den e reservanan oficial y internacional debi na mas entrada di divisa relata na turismo y un recogemento den inversion procedente di exterior. Mantencion di un nivel adecua di reservanan (door

di, entre otro, e reserva obligatorio) ta critico pa mantene e tasa di cambio fiho entre e florin Arubano y e dollar Mericano. Relata na esaki, BCA ta anticipa cu reservanan internacional lo surpasa ampliamente tres luna di pago riba e cuenta coriente di e balansa di pago (cu ta consisti di pagonan pa importacion, pago di interes na inversionistanan stranhero, y transferencianan pa exterior manera placa manda afo door di trahadornan stranhero).

Ta proyecta cu e reservanan oficial tambe lo permanece dentro di e margen aceptabel basa riba e metrico 'Assesing Reserve Adequacy' (ARA) di e Fondo Monetario Internacional (FMI). Actualmente, e nivel di reservanan di divisas a keda adecua door di e fluho di divisas ricibi door di Gobierno di Aruba na Maart 2022 y e prestacion fuerte y continuo di turismo. Den e delaster parti di aña, Gobierno di Aruba lo uza e fluhonan aki pa paga fianstanan internacional cu a vence.

Inflacion

Na mei 2022, e Indice di Prijs di Consumo (IPC) tabata 5,2 porciento mas halto compara cu e mesun luna di e aña anterior. E aumento aki tabata causa primordialmente door di e aumento den prijs di gasolin, cu a afecta e componente di 'transporte' (contribuyendo cu 2,6 punto di porcentahe). Ademas, otro componentenan a contribui na e inflacion, esta 'cuminde y bebida no alcoholico' (contribuyendo cu 1,0 punto di porcentahe), 'operacion di vivienda' (contribuyendo cu 0,5 punto di porcentahe), 'paña y sapateria' (contribuyendo cu 0,3 punto di porcentahe), 'restaurant y hotel' (contribuyendo cu 0,3 punto

di porcentahe) y 'otro bienes' (contribuyendo cu 0,3 punto di porcentahe).

Na final di Mei 2022, e inflacion midi riba promedio di 12 luna a subi te na 3,0 porciento y ta proyecta pa aumenta durante 2022 tanten cu banconan central no logra trece inflacion bao di control riba termino cortico y no resolve e problemanan di abastecimento. Mientrastanto, na Mei 2022, inflacion basico (excluyendo cuminda y energia) a yega 2,7 porciento si midi e final di respectivo luna contra e luna di e aña anterior. Basa riba un promedio anual esaki a yega na 1,3 porciento.

Likides excesivo na banconan comercial

E total di likides excesivo na e banconan comercial a baha di Afl. 1.320,5 miyon na december 2021 pa Afl. 1.037,7 miyon na Mei 2022. E caida significativo aki den likides excesivo ta debi primordialmente na e subida consecutivo den e reserva obligatorio door di BCA durante e prome cinco lunanan di 2022. No obstante, e nivel di likides excesivo a keda significativamente mas halto cu e nivelnan midi prome cu e pandemia (+ Afl. 348,6 miyon). Esaki tabata a causa di e nivel eleva di fondonan di likides (cu ta inclui cash, bononan di gobierno y otro activo likido) na banconan comercial, amplifica door di e nivel abao di demanda pa credito. Sinembargo, financiamiento local di proyectonan relata na turismo probablemente lo crece den e di dos mita di 2022. Esaki probablemente lo pone presion adicional riba e nivel di likides excesivo na e banconan comercial, Banco Central di Aruba a informa.

Hulanda kier encurasha menos uso di avion

ATA ta monitorear e desaroyo aki di cerca

E ta bira como 20 euro mas caro pa biaheronan cu ta cuminsa nan vakantie na Schiphol. E ta nifica cu en bes di e 8 euro cu a cuminsa paga na Januari 2021, entrante Januari 2023 lo paga 26,43 euro. E aumento di e 'vliegtaks' ta parti di e acuerdo di gobernacion di e coalicion Hulandes. E entrada lo bay parcialmente pa haci aviacion mas duradero y reduci e efectonan pa areanan residencial.

Segun Gobierno Hulandes, e aumento di belasting ta pa haci e diferencia entre un pasashi di avion cu esun di trein mas chikito. E aumento di e 'vliegtaks' lo produci 400 miyon euro mas na entrada di belasting, riba e 200 miyon cu a cuminsa drenta desde 2021.

Los di e intencion pa haci biahamento cu avion menos atractivo, Gobierno ta spera di e forma aki cu e belasting ta contribui na e costonan di sociedad.

Accionistanan di clima ta argumenta cu impacto di biahamento cu avion riba cambio di clima ta hopi grandi y e obhetivo mester ta pa haci vakantie mas sostenibel. Pa Hulanda e ta nifica cu ta stimula e biahero pa scoge pa trein of bus. Pa compara, Alemania ta cobra 13 euro vuelonan den Europa y 59 euro pa vuelonan intercontinental.

Aruba

Bon Dia Aruba a tuma contacto cu Director di Aruba Tourism Authority, Ronella Croes riba e desaroyo aki y pa mira si ta prepara pa e aumento aki. "No por prepara necesariamente pa esaki. Locual mi por bisa ta cu tin un proyeccion pa Hulanda pa 2023," Croes a splica. E proyeccion ta ilustra cu Aruba por ricibi mas di 46 mil bishitante na 2023, for di Hulanda. "For di Europa nos tin un crecimiento di cinco porciento pa 2023, versus 2022.

Di otro banda, e team di ATA ta hopi consciente di e aumento di gasto pa biaheronan y e posibel impacto pa Aruba. "Nos ta monitorear costo di vacacion pa Aruba di cerca. Hecho ta cu tin aumento di varios aspecto for di varios mercado y cu tin cu tene cuenta cu aumento di costo local tambe. Si tin impacto negativo riba turismo, ta confia cu acomodacionnan y aerolineanan entre otro lo ahusta nan prijs tambe." Den otro palabra, ATA ta spera cu e otro partnernan lo reduci nan prijs pa asina por sigui haci negoshi. "Te cu awor proyeccionnan ta indica cu volumen di bishitante pa Aruba lo mira un crecimiento pa otro aña y mesun cos ta aplicabel pa entrada directo pa medio di turismo (tourism receipts) pa Aruba pa 2023," tabata e comentario di Ronella Croes, Director di ATA.

Minister di Finanzas:

IMF ta recomenda pa reduci overtime, ta parce cu e nivel halto di overtime ta relaciona cu e problema di ao y cu e reduccion di maximo pa pago di overtime lo por yuda reduci e gastonan riba

Mester tuma medida pa no surpasa e presupuesto

Siman pasa Minister Presidente a trece dilanti cu locual cu tin e aña aki riba presupuesto, tur cos ta muestra cu esaki lo bay surpasa e suma aki. Pa por baha gasto di personal, mester tin control riba e gastonan di overtime p'esey mester tuma medida pa no surpasa e fondonan aki. Pa

aña 2022 tin 21.5 miyon florin presupuesta pa pago di overtime pa full gobierno.

Na e momento aki te cu augustus ya tin 14.1 miyon cu a wordo realisa na gastonan di overtime. Minister Maduro

a trece dilanti cu Departamento di Recurso Humano a pidi Minister Presidente pa pasa un circulario den cual ta "cap" e gastonan di locual ta overtime. "Cap" e oranan cu por traha na overtime y algun otro rekisitonan e.o. gerencia lo mester entrega un plan con ta bay reduci e gastonan te cu fin di aña.

Gobierno a bin ta cumpli cu pago di overtime

E anuncio di e maneho nobo riba overtime a trece reaccion y sindicato di Polis a declara cu Gobierno kier pa Polis comete atraco pa haya su salario. Minister Maduro a splica durante e conferencia di prensa cu e declaracion no ta na su luga, pasobra gobierno a bin ta paga overtime y minister Maduro a comparti e cifranan pa locual ta e pago di overtime di aña 2017 pa mita di aña 2022. E instancianan cu overtime ta mas halto ta Cuerpo Policial, KIA, Brandweer y Cuerpo Especial Arubano. Ademas pa locual ta Polis, prome, durante y despues di e Pandemia, Gobierno a percura pa paga salario y 100% di tur overtime di Polis. E pagonan haci di 2011 pa mita di 2022 ta muestra cu pa aña gobierno ta paga Polis un promedio di 11 miyon na overtime. E mandatario a splica cu si no frena e overtime, esaki lo surpasa e fondonan disponibel riba presupuesto pa pago di overtime, cual lo trece mas problema di likidez pa Aruba.

Hanteer een bovengrens per medewerker voor overwerkuren om excessen te voorkomen en zorg voor een gelijkmatige spreiding van overwerk over de medewerkers van een dienst

Bij alle diensten zijn excessen zichtbaar bij medewerkers die structureel 20 of meer uren per week overwerken. In deze gevallen is er sprake een bedreiging voor de taakuitvoering, de gezondheid van de medewerkers en tevens een verhoogd risico op fraude. Deze gevallen moeten direct worden aangepakt. Sommige diensten hanteren een maximum-norm voor overwerk van 40 uren per persoon per maand. Dit is geen strikt beleid. Het invoeren van een maximum zal naar verwachting een dempend effect hebben op het volume van het overwerk, beschermt de medewerkers en voorkomt risico's bij de taakuitvoering als gevolg van overbelasting.

Het is tevens noodzakelijk om te bezien wat de effecten zijn op het overwerk indien boven een bepaalde grens overwerk alleen nog in vrije tijd wordt uitbetaald. Deze maatregelen zijn uitdrukkelijk geen oplossing voor eventuele onderbezetting bij de diensten, maar de geconstateerde excessen moeten zo snel mogelijk op individueel niveau aangepakt worden. Om te voorkomen dat de werkzaamheden van de uitvoerende diensten in het gedrang komen dient het diensthoofd ervoor te zorgen dat de benodigde overwerkuren beter worden gespreid over de medewerkers van de desbetreffende uitvoerende dienst.

IPKO atrobe...?

Y unda e avancen ta...?

E delegacionnan di e tres islanan autonomo ta na Den Haag atrobe. Hulanda ta anfitrión e biaha aki pa e encuentro di e parlamentonan dentro di Reino cu ta tuma lugar dos biaha pa aña. For di e tamaño di e delegacion di Aruba nos por deduci, talvez eroneamente, cu 'cos ta bon', no tin pakico spaar placa riba e tipo di biahe aki... Hopi lo pensa cu ta bon posible pa organiza e tipo di encuentro aki di otro manera, ademá di e pregunta pakico no por limita esaki na un vez pa aña. Acaso nos no a siña nada di e pandemia? Hopi asunto nos a siña di organiza y realiza for di distancia. Pero, nos parlamentarionan lo defende e forma di traha costoso aki cu e argumento cu no ta trata di e partinan oficial, sino tambe di loke ta discuti 'den pasillo', e famoso 'wandelgangen' unda por profundiza mas cu cierto persona(nan), loke por tin un efecto positivo riba e manera con e persona o su partido ta contempla un asunto. Esey ta berdaderamente pero esey no ta splica algo. Esey ta e pregunta si entre e encuentronan oficial ta keda un comunicacion mehora usando e medionan digital cu nos ta aprecia mas ainda desde cu e crisis di Covid-19 a bishita nos. Y esey mas ainda pasobra nos no ta mira tanto avance den e asunto cardinal di ultimo añanan, y tambe den e proximidad: un acuerdo final integral di cooperacion y reforma, cu ta beneficia tur partner.

Nos ta acercando fin di 2022 cu pasonan sigur, y no tin vista ainda riba un acuerdo riba e propuesta Hulandes, cu pa mala suerte a haya un nomber asina expresivo, den sentido negativo, na Papiamentu: COHO. Nos ta na dos aña y seis luna desde inicio di e pandemia, cu a duna empuhe na e iniciativa Hulandes pa yuda financieramente, pero cu condicion pa e cos aki no bay pasa un biaha mas. E crisis a gara nos cu cierto parti di nos bistimento na un nivel demasiado abao unda e no mester ta, y nos mester a bay di acuerdo. Nos tur conoce e storia aki, asina ta no mester ripiti. E problema ta cu den e periodo cu a transcuri nos a mira asina poco avance, cu no ta muestra bon pa e periodo nos dilanti tampoco. Hecho ta cu, segun ta conveni, tin ora nos gobernantenan ta bisa cu nan no mester ningun sermon Hulandes den kico mester haci pa nos avance economico y social, pa esey nan mes tabatin plan caba. Na otro momento ta bisa net lo contrario, cu ta Hulanda a pone cuchiu na nan garganta... Contal cu nos ta bayendo pa tres aña di deliberacion y ainda no tin vista riba un comienzo di e trayecto

mes, aunke riba cierto elemento tin preparacion tumando lugar y hasta tin algun asunto a keda casi cla, cu asisencia Hulandes.

Esey ta por ehemplo e caso di e Autoridad pa Fair Trade, y tambe e ley di Proteccion di Consumidor, cu a keda aproba y publica tres luna pasa. Sin embargo, Aruba lo no ta Aruba si no tabata falta algo... Kico asina? Un di e aspectonan mas importante di e ley di proteccion di consumidor a keda falta: e decreto di regla general (Landsbesluit HAM), den cual mester stipula e interes comercial maximo cu un prestamista por aplica. Cu e consecuencia cu tur dia cu pasa, tin entidad di credito ta aplicando interes cu pa definicion lo cay bao di e denominacion 'woekerrente' y cu sigur mester keda aboli. Esey tabata e proteccion cu tabata falta grandemente den un pais civiliza, toch? Awor, cada dia cu pasa ainda ciudadano ta haya nan ta conveni un prestamo cu aki poco dia ta ser categoriza como 'abuso'? Cu nos a comprende, awor no mas ta bay analiza kico e porcentahe mester ta. Di tur e tempo cu tabata prepara e ley, no a haci nada anto? Ta con a hustifica den e Memoria Explicativo di e ley pakico tabata necesario pa establece un maximo, si bo no a bin cu evidencia di tal? Y tampoco a tuma nota cu huez den caso concreto, pa falta di un limite legal, a stipula caba loke nan ta haya razonable?

Tuma na cuenta cu nos no ta trece e cosnan aki dilanti como critica personal. E ta mas bien pa muestra riba e realidad grandi di nos como territorio chikito semper lo tin problema cu resolve tur asunto, pasobra nos no por tin semper tur profesional o experto den cas pa atende tur asunto te den detayes. Si nos bira mas consciente di e realidad ey, anto nos por cuminza mira cooperacion, por ehemplo cu Hulanda, cu un vista mas realistico y mas habri, y no na cualkier momento expresa e sospecho di cu nan ta ' bezig ta coloniza nos atrobe', a frase faborito di varios di nos lidernan cu di e forma ey ta tapa nan falta di conocimiento, tirando e culpa riba esun cu si sa. Esaki ta e ambiente den cual den Reino mester yega na un ley di consenso? Nunca. Y esey pasobra simplemente riba e islanan aki ainda tin demasiado hende, y politico, cu no kier 'pottenkijkers'; nan no kier acompañamento ni mucho menos supervision. Y esey pa bon motibo, pa nan mes, pasobra tras di cada asunto, tin e interesnan special cu mester cuida, toch?

Centro Hudiu Chabad di Aruba ta ofrece servicio di 30 minuut pa comunidad pa Rosh Hashanah

Rabino Ahron Blasberg, Chabad di Aruba, sa cu pa involucra miembronan di e tribu hopi biaha mester baha e bareranan pa entrada, tin biaha mas leu cu e murayanan institucional di e sinagogo. Pa acomoda esnan cu di otro manera no lo participa den e servicionan formal di Rosh Hashana na e sinagogo, e rabino ta promoviendo un ceremonia breve di Rosh Hashanah, habri pa tur hende, di trinta minuut cu ta inclui e observacionnan principal di e dia festivo.

E “Community Tashlich & Shofar Service” ta bay tuma lugar riba dialuna, dia 26 di september pa 5:30pm na e beach dilanti Marriott Hotel y Ritz Carlton (dilanti Vela Sports Center).

Tashlich ta un practica rico den simbolismo y significado mistico, cu ta wordo realisa riba e prome dia di Rosh Hashanah. Ta recita un oracion breve cerca di un cuerpo di awa, preferiblemente un cu ta contene pisca bibo; den cual nos ta expresa nos oracion speransa cu nos Señor ta manda nos indiscrecionnan den fondo di lama, y cu nos por ricibi un bon y dushi año nobo yen di e bendicionnan abundante y manifesta di nos Señor.

E zonido di e shofar ta e mitzvah central di Rosh Hashana. Tipicamente, e ta parti di e servicionan di sinagogo di Rosh Hashanah. Sinembargo, si pa algun motibo un persona no a atende e servicionan, e zonido di e shofar por wordo completa durante e dia di Rosh Hashanah. E mitzvah di shofar tambe ta contene hopi mensahenan profundo y inspirador pa nos reflexiona riba nan.

“Segun tradicion Hudiu, e portanan di shelo ta habri riba Año Nobo, y nos Señor ta acepta oracion di tur hende”, segun Rabino Ahron Blasberg a bisa, “esey a sirbi como nos inspiracion pa crea oportunidadnan di Rosh Hashanah pa tur hende den comunidad.”

“E Lubavitcher Rebbe, Rabino M. Schneerson, di memoria husto, a insisti pa haci Hudaismo disponible pa tur Hudiu”, Rabino Ahron Blasberg a splica. “Durante e periodo di High Holiday, accesibilidad por nifica diferente cosnan pa diferente hende. Pa algun e ta

nifica servicionan mas breve, facil pa usuario, pa otronan e ta nifica un atmosfera sin husga, mientras pa otronan e ta nifica accesibilidad y pa no tin expectativa di miembresia of afiliacion. Asina bon
Nos Papiamento ta...?

Tocante regla y excepcion den nos verbonan

Den nos edicion di e siman aki atencion, no pa promer biaha, pa regla, uso y excepcion den aplicacion di verbo den nos idioma. En general por bisa cu nos idioma ta caracteriza pa e hecho cu e verbo (werkwoord) no ta cambia, mientras cu den hopi otro idioma net esaki ta loke ta haci e distincion entre e diferente personanan cu e idioma conoce (ami, abo, e, nos boso, nan). Aunke en berdad esey ta e caso, toch nos conoce e excepcionnan riba e regla general.

Nos lo purba explora pakico tin cierto excepcion, pero no ta garantiza cu nos ta logra tambe. Nos ta cuminsa cu e verbonan cu ta origina den Portugues y/o Spaño. Na promer lugar e verbonan cu ta termina cu ‘er’ den e idioma ey, manera ‘establecer’. Cerca nos esey a bira ‘establece’ pa loke ta presente y pasado (Nos ta establece, nos a establece), pero de repente ora ta trata di indica e pasado completa (preterito anterior o pluscuamperfecto), nos ta sigui e tradicion mas bien Spaño: ‘establecido’, di cual nos a deriva ‘estableci’. Tambe ‘cende’ y ‘cendi’ cu ta sigui e mesun regla (Mi ta cende, mi a cende, e luz a keda cendi)

Asina tambe nos ta haci esaki hasta den caso cu ta trata di verbo cu na Spaño ta iregular y tin algo completamente diferente pa esaki. Ehemplo: poner – puesto. Aki nos a desaroya den un pasado no bon conoci e forma ‘poni’ cu no tin nada en comun cu e otro idioma. Aki ta trata di algo cu nos hendenan den pasado conhuntamente a desaroya. Di igual forma anto tambe ‘imponer’ cu ta bira ‘imponi’. Esaki ta e caso tambe cu e verbo ‘envolver’ cu na Spaño ta bira ‘envuelto’ y cerca nos ta bira ‘envolvi’. Por bisa cu aki nos ta bin topa algo genuinamente di nos, crioyo anto, cu no a biaha yega aki, sino cu el a nace aki mes...

Interesante ta cu den esaki nos a desaroya un forma cu ta desvia tambe di e custumber na Corsou, unda no conoce e forma di sigui e verbo den Spaño, unda e verbo cu ta termina cu ‘er’; ta bira un ‘i’. Tampoco den e caso manera nos ‘poni’, sino cu den nan Papiamentu esey ta mantene e forma original di e verbo, pero ta cambia e enfasis cu ta bin cay riba e ultimo silaba: ‘poné’. Sin embargo, ora no ta trata di un verbo, sino di un sustantivo, e ora si tambe den e Papiamentu di nos bisiñanan ta papia di un ‘konosi’, esta un persona cu bo conoce mas di cerca. Esaki ta parce e caso ora e palabra ta deriva, tanto cerca nos como na Corsou, di un sustantivo na Spaño y no di un verbo: ‘un conocido’, un persona cu bo conoce. Pa loke ta e diferencianan cu Corsou: nan no mester sigui nos escogencia, ni tampoco nos mester sigui nan; djis respeta cada ken nan preferencia.

Tambe nos ta pidi atencion pa un fenomeno cu nos ta mira aparece cu bastante regularidad, y esey ta e construccion mas elabora y innecesario di frase, cu no ta yuda duna claridad di loke e persona kier bisa. Nos ta referi na un frase manera: “Nos no por ta di acuerdo cu e conclusionnan cu nan a yega na dje”. Aki tin dos problema.

Uno ta cu tin otro alternativa pa evita e forma menos elegante di e ‘na dje’ cu en realidad ta significa ‘na di e’, cu den e contexto aki ta, kico? Mas conciso y corecto ta pa bisa: “Nos no por ta di acuerdo cu e conclusionnan na cual nan a yega.” Esey ta evita e problema tambe cu e ‘dje’ cu no ta na su lugar ademas, pasobra e ta referi na e plural (conclusionnan), cu lo mester ta anto ‘di nan’.

Te asina leu nos contribucion pa e siman aki; un biaha mas nos ta expresa di ta aprecia bo reaccion riba nos Facebook page unda por haya e articulo aki.

Paga suma fiho pa luna y despues regla cuenta riba benta real

Negoshinan (grandi y chikito) cu tur luna nan benta por y ta varia lo por cumpli miho cu Departamento di Impuesto (DIMP).

si DIMP cuminsa CALCULA y COBRA e negoshi nan ey un suma fiho (basa riba promedio di benta) pa luna y despues di 3 , 6 o/of 12 luna haci un reglamento di cuenta (afrekening) a base di e benta real di e 3 , 6 o/of 12 luna nan.

Asina ta limita e administracion (no mester entrega tur luna cifranan exacto na DIMP) y lo facilita e administracion (paga suma fiho pa luna) pa e negoshinan y sigur facil pa DIMP cobra y controla pago tur luna. Ta cada 3 , 6 o/of 12 luna ta regla cuenta cu DIMP a base di cifranan real di benta.

S p l i c a c i o n comprendibel necesario Un punto di bista interesante cu a sali den prensa y cu merece mucho mas atencion , ta e ponencia cu mester cuminsa traha sentencia di huesnan den idioma y palabra cu e acusado ta compronde sin problema.

Ora haci e comparacion entre e idioma/splicacion riba (concepto di) Leynan y e splicacion di e ley mes tambe den un “memorie van toelichting” , e pregunta ta presenta si no mester cuminsa traha tambe un “memorie van toelichting”, riba e sentencia nan di hues , pa tur involvi por compronde e decision miho.

Un “memorie van toelichting” riba Ley y riba Sentencia mester contene un splicacion den un idioma y den palabranan cu tur esnan involvi y otronan (pueblo) ta compronde sin problema. Awor aki leynan y sentencianan ta scirbi den un idioma cu ni specialistanan den ley mes ta compronde tur ora pesey tin tanto interpretacion asina den discusion.WW

R e g u l a r i d a d Cu regularidad ta lesa/ tende - den media - di desacuerdo na pia di trabou entre un empleado y su hefe o/of su director.

E baymento den publicidad aki mester stop pa no mancha nomber y fama di empleado , di hefe y di director mientras e caso no a wordo investiga pa un instancia neutral cu por duna su opinion y

recomendacion na empleado , hefe , director y Minister.

Sugerencia ta pa apunta y encarga p.e. “Mediador di Gobierno” (y su oficina/staf) cu e tarea special aki pa logra

soluciona posibel problema prome cu e problema bira grandi y dañ e ambiente di trabou y e fama di empleado y/o di hefe y/o di director. Djis pa pensa ariba!

Utilities Aruba N.V.

Sr. Richard Frank ta mal informa comunidad

Trahando hunto ta buska desarojo pa por tin mihor producto, mihor prijs y seguridad pa tur consumidor. Gerencia di Utilities Aruba N.V ta desea di coregi algun expresion incorrecto cu sr. Richard Frank na nomber di Directiva di Asociacion di Empleadonan cu un Contrato Laboral Individual den Servicio di W.E.B. Aruba N.V. (VWI) a defundi na comunidad durante un Conferencia di Prensa cu a tuma luga recientemente.

Pa cuminsa e ta importante pa clarifica sr. Frank cu a indica cu Utilities no por organisa un invitacion pa 'Expresion di Interes' (EOI) pa un Parke di Molina di biento mas pa Aruba. Utilities ta 100% doño di WEB y segun statuto y cu derecho di accion, por actua den nan nomber. Utilities por haci esaki cumpliendo cu tur ley vigente y cu "Good Governance Code".

Den cuadro di transparencia mester menciona tambe cu a tuma e decision hunto cu profesionalnan huridico y tecnico pa sigui e ruta cu Utilities Group a encamina. Como grupo di utilidad na Aruba nos a yega na un Expression of Interest (EOI), cual ta invita expertonan den mundo energetico pa por expresa nan interes pa haci oferta di energia. Salvaguardando e continuidad di e empresanan estatal, pa trece estabilidad y/of mehoracion di prijs di energia pa henter comunidad di Aruba y pa cumpli cu e acuerdo cu Aruba a firma na 2016 pa reduci e Green House Gases, esta e tratado di Paris pa combati "Climate Change".

WEB y Elmar ta trahando hunto cu Utilities den ekipo pa combina ideanan, experticio y recursonan. Un otro ponencia incorrecto cu a wordo treci dilanti ta cu e instancianan cu Utilities a consulta cu nan lo ta 'ken cu ta' of 'cualkier compania of persona'. Al contrario, pa loke ta e in-

stancianan cu Utilities a consulta ta trata di personanan cu experticio y experiencia. Desde principio cu a cuminsa cu e preparacion di e "Nationaal Energiebeleid", WEB y Elmar ta trahando hunto cu Utilities den ekipo pa combina ideanan, experticio y recursonan.

Adicionalmente, ta importante pa clarifica cu no ta berdader cu e rapport produci pa e compania "Project Consultant Global S.A." ta carece di credibilidad. Personal di WEB conhuntamente cu Elmar y Utilities a traha den grupo, a repasa esaki y ta trahando cu ne. Por tin recomendacionnan den e rapport cu no ta tur stakeholder ta di acuerdo cune, pa e motibo aki e ta importante pa sigui traha hunto como ekipo profesional, pa resolve cualkier reto y asina yega na e mihor producto pa Aruba. Trahando hunto ta buska desarojo pa por tin mihor producto, mihor prijs y seguridad pa tur consumidor.

Situacion actual

Despues di hopi aña di stagnacion den WEB, retonan cu a surgi recientemente cu ekiponan y diferente blackout, awor tin un cambio. WEB awor tin gerencia nobo y hunto cu Utilities y Elmar a crea un plataforma caminda hunto ta studia, traha y actua pa logra mayor beneficio y progreso pa Aruba. Por mira cu trahando den grupo ya a logra diferente beneficio grandi pa e companianan y awor cu e 'Plan Nacional di Energia', ta bay logra elimina dependencia di Heavy Fuel Oil (HFO) y decarbonisa fuentenan di energia pa 2050 (kisas prome). Ademas, tin como meta pa logra mayor estabilidad di prijs di energia y mehora e calidad

di aire pa Aruba. Trahando hunto lo acelera e procesonan pa por cumpli cu e tratado di Paris. Finalmente, Utilities, WEB y Elmar kier demostra cu trahando den ekipo y haciendo uzo di experticio di diferente instancia, ta crea un ambiente sano di ideanan nobo y mas innovativo. Debi na e crisisnan cu a surgi, paisnan rond mundo awor ta tumando e mesun pasonan aki pa reevalua nan maneho di energia. Pueblo di Aruba no por keda pega den tempo y pesey Utilities, WEB y Elmar ta trahando hunto, pa logra e metanan stipula den e 'Plan Nacional di Energia di Gobierno'.

Resultado di prome round “Robin di Febiar Torneo Bola 8!”

A tuma luga e ultimo round di prome round robin di torneo anual di bola 8 di Federacion di Biyar Arubiano (FEBIAR). Un anochi sumamente existente caminda e palacio di biyar aya na Tanki Leendert a yena rand rand cu fanatico pa wak kico nan team lo presta e anochi ey. Fanaticonan di Mongoose BT no a keda desapuntá! Aparentemente den “kleedkamer” tabata tin un “peptalk” basta fuerte entre e capitan(nan) y demas hungado di Mongoose, y sigur esaki a duna su fruta!

Un pabien ta bay pa Mongoose ya cu nan mester a demostra cu nan no ta “Mongoose di papel” contra nada menos cu e feroz team di Mad Dogs! George de Nobrega ta habri fuertemente pa Mad Dogs y ta dal cunucero Ruud Arends duro cu 2-0! Aki ta conta e dicho “boer blijf bij je salade”! Pero di biaha, legendario Buchi Briezen ta dal Quandus cu 2-0 pa empata e partido. Errel Tromp di Mad Dogs ta un Enrique Geerman brabo brabo y Mongoose ta pika dilanti cu 2-1! Ralph “Smolley” Andrews di Mongoose ta cay venci contra Maikel Maduro, y dje forma ey Mad Dogs ta trece partido bek na 2-2.

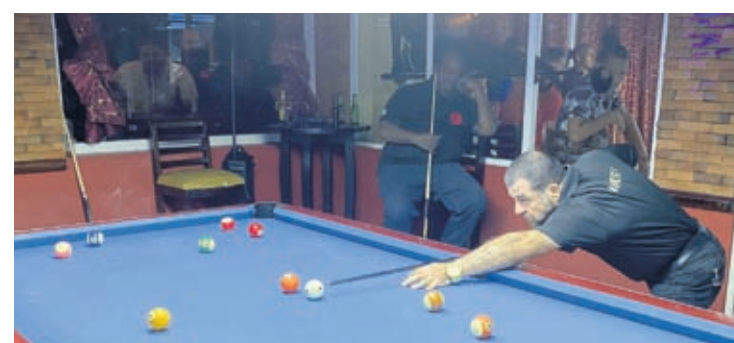

Beto Saladin y R. Kock ta bira

dos cachó manso contra Jesus Gomez y su compinchi, y Mongoose ta bay dilanti cu 3-2! Di biaha, e mongoose teribel di Catiri, George “The Terrible” Petrochi ta pasa raspa Angelo Tromp cu 2-0, kende ultimo segun rumor ainda no a custumbra na su carson cu “special construction” cu e ingenieronan di Mad Dogs a traha p’e! Mad Dogs ta bin bek na 3-4 ora cu Richard Gomez dal Indjumar Briezen cu 2-0, pero Patrick Henriquez “himself” ta “close the deal” y ta Armnd Ridderstaat cu 2-0, pa dje modo aki Mongoose gana cu score impresionante di 5-3!

N’e otro mesa, un bataya

durisimo ta tuma luga ora cu e dos ekiponan grandi di Barracuda enfrenta Steelers! Fredley ta muestra su ruman Ransley cu “was je maar thuis bij moeder gebleven” ora e ta dal e cu 2-0 y pone Steelers pika 1-0 dilanti! Marc Farro ta dal Aaron “The Baron” cu 2-1, y Steelers ta dilanti cu 2-0! Ditto Acosta ta trece poco tranquilidad ora e haci un exorcismo ariba Juancho “The Devil” Ridderstap y Barracuda ta corta bentaha na 1-2. Pero, Steelers “mean business” e anochi aki, y Martin ta dal Roden 2-0 pa pone Steelers dilanti cu 3-1! Gino y Brandon di Barra-

cuda ta corta bentaha na 2-3 ora nan gana nada menos cu “El Bon Bon” Evertsz y “El Puma”! Steelers sinembargo, no kier tende y Roukos ta pone Pepe “Le Rose” sosega pa asina pone Steelers on top cu score di 4-2!

Pero, careda di bina no a caba

ainda! Jorzinho ta dal Wilfred, Jason ta dal Ari, y finalmente D’Angelo ta dal Gunnar pa dje moda aki Barracuda sensacionalmente “snatch” e wega foi bou nanishi di Steelers! Shonnan, keda pendiente, pasobra awo e wea ta bay candela den di dos round robin!

Estudio di Rutgers University:

Cantidad halto di pashent ta puntra docter pa miho alternativa pa

Estudio ta revela cu te ainda tin un percepcion robes, esta cu tur producto di tabaco ta mesun dañino.

Un estudio conduci pa Rutgers University na Merca ta revela cu 70% di docternan a raporta cu nan pashentnan adulto cu ta huma, a puntra nan tocante cigarianan electronico y otro productonan cu ta liber di huma. Comprobando cu tin un interes grandi pa miho alternativanan pa e cigarra tradicional. Un tercera parti di e docternan a bisa tambe cu nan pashentnan a puntra esaki den e delaster 30 dianan.

E revista The Journal of The American Medical Association, un di e revistanan científico mas principal y popular na mundo, a publica e estu-

dio. Di acuerdo cu e estudio, ta considerablemente mas probabel cu docternan ta recomenda cigarianan electronico na personanan cu ta huma pisa, mientras cu nan ta recomienda medicina aproba pa FDA, manera bals di nicotina, na personanan cu ta huma de 'bes en cuando'.

E autor di e estudio Michael Steinberg, director medico di e Rutgers Tobacco Dependence Program na e Center for Tobacco Studies y Hefe di e Departamento di Medicina na e Rutgers Robert Wood Johnson Medical School, ta bisa cu "segun e evidencia, ta demostra cu cigarianan electronico ta potencialmente efectivo pa stop di huma, nan por hunga un rol importante den reduccion di uzo di cigarra y consecuentemente malesanan causa pa tabaco.

Ta importante pa comprende e perspectiva di docternan tocante cigarra electronico como medio pa reduccion di daño."

E resultadonan di e investigacion ta sugeri cu mientras mas docter comprende cu no ta tur producto di tabaco ta mesun dañino, mas probabilidad tin cu nan lo recomienda cigarianan electronico of otro productonan liber di huma na personanan cu ta buscando pa stop di huma of cu ta bou di tratamiento pa malesanan causa pa tabaco.

Kimamento, e causa principal di daño

Riba e dia oficial di e comunicado di prensa di e estudio, Cristine Delnevo, autor principal y director di Rutgers' Center for Tobacco Studies na e Rutgers School of Public

Health, a bisa cu "ta hopi importante pa trata cu e percepcion robes di e docternan i educa nan, en particular corrigiendo e percepcion robes cu nan tin cu tur producto di tabaco ta mesun dañino, e berdat ta cu tabaco kima ta mucho mas peligroso".

Awendia tin productonan liber di huma cu ta científicamente proba di ta miho opcion cu sigui huma, ya cu, contrario na e cigarra tradicional, nan ta elimina e pro-

ceso di kimamento, cual ta e causa principal di daño liga na humamento. Den e ultimo añanan, a desaroya productonan alternativo pa cigarra, manera cigarianan electronico y productonan di tabaco keinta, dirigi riba e personanan cu di otro manera lo sigui di huma.

Sr Eman a muestra cu Gabinete Wever Croes II despues di e move varios profesionalnan capacita for di nan posicion tanto den WEB y Utilities, nombrando famia, amigo y suanan den posicionnan clave, awor practicamente ta cometiendo atraco den e companianan di utilidad aki. "Den ultimo dianan nos por a scucha temanan cu a laga tur hende hopi pero hopi preo-

cupa mes na momento cu expertonan, personanan clave den WEB, kendenan a revela metemento politico cu tin via di Utilities den asuntonan cu ta estrictamente temanan cu tin cu wordo maneha dor di WEB. Un inkietud cu ya tabata biba den comunidad ora cu tur hende a ripara kico a pasa den e acuerdo cu Eagle LNG, ora cu a mira con a pone miembronan di famia di gabinete, strategicamente pa asina segura c'un contract asina dudoso manera esun di LNG por a wordo firma, marando Aruba pa mas cu 20 aña na 2 biyon florin.

Na e momentonan aki cu revelacionnan ta saliendo den e dianan aki, ta confirma cu locual a tuma lugha e tempo ey, tabata algo totalmente incor-

ecto den cual e expertonan di WEB no tabata involvi.

Pa e motibo aki tambe, caminda informacionnan a wordo revela caminda expertonan di WEB ta bisa cu na e momentonan aki, e compania Utilities Aruba NV, ta ursupando derecho- y podernan responsabilidad y tareanan cu ta estrictamente di WEB, pa nan bay maneha proyectonan di energia, caminda nan lo dicidi ta ken, con y cuanto y tur esaki ta crea un preocupacion hopi hopi grandi den nos comunidad.

Tur esaki pa motibo cu e deal di LNG no ta para los di e inkietud cu tin awe cu expertonan di VWI di WEB a divulga y pa e motibo ey fraccionnan di AVP, MAS y Accion21, a entrega dos carta

cual uno ta caminda nos ta urgi urgentemente pa tene un reunion publico, caminda ta invita VWI y SIWA, caminda den tur libertad nan por papia sin persecucion politico pa divulga asina kico realmente ta pasando na e momentonan aki den WEB.

Desaroyonan cu ta must-rando practicamente un tipo di atraco riba e compania estatal di mas importante cu pais Aruba tin, cu ta WEBm, e compania cu ta suministra nos comunidad cu coriente y awa cu na e momentonan aki, ta bou di un nubia di atraco di Utilities, cu liñanan cu ta core te na gabinete Wever Croes II."

Parlamentario Mike Eman a sigui muestra cu e di dos carta cu e tres fraccionnan mencio-

na a manda, ta dirigi directamente tanto na Prome Minister Evelyn Wever Croes como Minister Glenbert Croes, caminda fraccion na di AVP, MAS y Accion21, ta urgi nan pa para cu e usurpacion di pasonan cu nan ta tumando na e momentonan aki, pa tuma decisionnan caminda estrictamente WEB ta autorisa pa tuma, cu unicamente WEB ta capacita pa haci y caminda WEB tin e proceduranan pa garantisa transparencia, integridad di decisionnan cu ta toca miyones y miyones di florin di e pais.

"E ta toca tambe e consistencia y estabilidad di suministracion di awa y coriente pa henter pueblo di Aruba," Parlamentario Mike Eman a trece dilanti.

(NLTimes) - Schiphol Airport tin plan di haci un proposicion nobo na e guardianan di siguridad dentro di 2 siman despues di un ronda recién de negociacion di salario, segun e aeropuerto su oficial financiero, Robert Carsouw.

Carsouw a comenta cu e no lo haci ningun comentario tocante y futuro ni tampoco e posibel mehoracion na e rijnan caotico recién na e aeropuerto. Mientrastanto, Schiphol lo tuma accion pa mehora e condicionnan na e aeropuerto pa haci e trabao di siguridad mas atractivo.

Tin un escasez di empleado na Schiphol Airport andando pa lunanan largo caba. Esaki ta crea rij largo cu tin biahha ta extende te

hasta fuera di e salanan di salida te na pafu di e aeropuerto. Carsouw a observa e cantidad di oficialnan di siguridad cu ta presenta na trabao ta aumentando, aunke e fluho no ta mesun lihe cu loke a spera. “E fluho te ainda no a acelera. Placa no ta resolve tur cos.”

Pa haya sa kico ta necesario pa atrae mas oficial di siguridad, e aeropuerto a drenta den dialogo cu e departamento y e agencianan di siguridad. Ademá di salario, otro dos critica a bini dilanti. Carsouw a bisa cu guardianan di siguridad ta experienciando un cantidad di trabao sumamente grandi pa causa di e schedule y orarionan di trabao irregular. Guardianan di siguridad tambe tin mester di un espacio pa relaha durante nan break. E aeropuerto ya caba a cuminsa traha riba ambos problema, CFO a splica.

Approaching storm may delay launch try for NASA moon rocket

CAPE CANAVERAL, Fla. (AP) — An approaching storm threatens to delay NASA's next launch attempt for its new moon rocket, already grounded for weeks by fuel leaks.

A tropical depression in the southern Caribbean is moving toward Florida and could become a major hurricane.

Managers said Friday that the rocket is ready to blast off Tuesday on its first test flight without astronauts, after overcoming more hydro-

gen leaks during a fueling test earlier this week.

NASA said it will keep monitoring the forecast and decide no later than Saturday whether to not only delay the launch, but haul the rocket off the pad and back to the hangar. Officials said it's unclear when the next launch attempt would be — whether October or even November — if the rocket must seek shelter indoors.

It takes three days of preparations to get the rocket back

into Kennedy Space Center's mammoth Vehicle Assembly Building, four miles away.

"I don't think we're cutting it close," said NASA's Tom Whitmeyer, deputy associate administrator for exploration systems. "We're just taking it a step at a time."

This would be the third launch attempt for the Space Launch System rocket, the most powerful ever built by NASA. Fuel leaks and other technical problems scrapped the first two tries.

The 322-foot (98-meter) rocket can withstand gusts of 85 mph (137 kph) at the pad, but only 46 mph (74 kph) once it's on the move.

As shelters fill, NYC weighs tents to house migrants

NEW YORK (AP) — New York City's mayor says he plans to erect hangar-sized tents as temporary shelter for thousands of international migrants who have been bused into the Big Apple as part of a campaign by Republican governors to disrupt federal border policies.

The tents are among an array of options — from using cruise ships to summer camps — the city is considering as it struggles to find housing for an estimated 13,000 migrants who have wound up in New York after being bused north from border towns in Texas and Arizona.

"This is not an everyday homelessness crisis, but a humanitarian crisis that requires a different approach," New York Mayor Eric Adams said in a statement Thursday.

New York City's huge system of homeless shelters has been straining to accommodate the unexpected new flow of migrants seeking asylum in the United States.

In Arizona and Texas, officials have loading people on buses for free trips to Washington and New York City. More recently, Florida, which has a Republican governor running for reelection, flew migrants — at public cost — to Martha's Vineyard in Massachusetts.

Adams said the city had opened 23 emergency shelters — and was considering 38 more — to handle the people bused into the city since May. The city also recently opened a new, multimillion dollar intake center to help the newcomers quickly get settled.

The first tent has been proposed for a remote corner of the Bronx, a parking lot at a

popular city beach on Long Island Sound where public transportation is limited. Officials are looking into other areas.

A rendering of the likely design of the facility, released by the city, showed rows and rows of cots. Presumably, the tent would be heated, as autumn nights in the city can be quite cool, but the city released few details.

City officials said these facilities — which they call "humanitarian emergency response and relief centers" — would only house migrants for up to four days while the city arranged other types of shelter.

Advocates for the homeless

were unsure how to react.

"We just don't have enough detail to about what their plan is to form an opinion," said Josh Goldfein, a staff attorney with the Legal Aid Society. "If the goal here is to sort of quickly assess what people need and get them connected to services that will help them then that will be great."

But he said the proposal has yet to be fleshed out.

"All we know, is a location, and a picture of a big tent," he said. "We don't know what's going to be in it — or who."

In a joint statement, the Legal Aid Society and the Coalition for the Homeless said it was working with city officials to come up with "a viable solution that satisfies New York's legal and moral obligation to provide safe and adequate shelter to all who seek it, including asylum seekers."

Earlier this month, Adams had floated the idea of housing hundreds of migrants on cruise ships.

Critics pounced on that idea, saying he needs to offer more lasting solutions to a problem that has long vexed the city: How to find permanent shelter for the city's unhoused — not just new migrants but for the considerable population of the homeless.

Overall, the number of people staying nightly in New York City's homeless shelters had fallen in recent years, partly due to the COVID-19 pandemic. That led city officials to reduce shelter capacity, leaving the system unprepared for the sudden surge in people needing help.

N. Dakota guard fired over suicide of man serving life

(AP) — A North Dakota prison guard was fired over the suicide of a man who was serving life sentences for killing four people.

Sgt. Deandre Adams violated corrections policy in failing to adequately check on Chad Isaak, according to a termination letter from the warden at North Dakota State Penitentiary. Adams was fired Thursday.

Warden James Sayler noted that Adams had received two previous written reprimands, for failing to report that he had left a missing inmate in a recreational area and for not intervening when two prisoners were potentially exchanging contraband, the Bismarck Tribune reported.

Isaak, 48, died July 31. An investigative report from the state Highway Patrol released last month found that Adams

said he failed to adequately check on Isaak twice.

It also said Isaak had covered his cell with cardboard. Adams knew inmates were not allowed to cover their cell windows, but allowed it, as a "courtesy in case they were naked in their cells," the report said. "He stated they could enforce it but that they would just get more window coverings."

A jury last year convicted Isaak of four counts of murder and other charges in the April 1, 2019, deaths in Mandan of RJR Maintenance and Management co-owner Robert Fakler, 52; and employees Adam Fuehrer, 42; and married couple Bill Cobb, 50, and Lois Cobb, 45. No motive was ever established.

A judge in December sentenced Isaak to life in prison with no chance of parole.

Execs: US internet casino gambling is poised for expansion

(AP) — As sports betting has swept across the country with states, casinos and consumers eagerly embracing a new gambling market, internet casino games have grown much more slowly.

But the online casino market has tremendous potential for growth and expansion, participants in a major casino conference said Friday.

Speaking at the East Coast Gaming Congress, executives of online gambling companies and their technology partners said the rapid growth of sports betting has provided a ready-made infrastructure and regulatory apparatus for online casino games.

So far, such gambling is legal in only six states: New Jersey, Pennsylvania, Michigan, West Virginia, Delaware and Connecticut.

But panelists at the conference predicted three or four

additional states could soon adopt internet gambling, including Indiana, Illinois, Iowa and New York.

In addition, more than a dozen states sell lottery tickets over the internet, according to James Carey, executive director of the New Jersey Lottery.

Richard Schwartz, CEO of Chicago-based online gambling company Rush Street Interactive, said states that

already have legal sports betting are strong candidates to adopt online casino games as well.

Currently, 31 states plus Washington, D.C., offer legal sports betting, with several more expected to do so soon.

Since it launched internet gambling nine years ago, New Jersey's casinos have won \$4.79 billion from gamblers online, according to the American Gaming Asso-

ciation, the casino industry's national trade group. That's nearly twice the \$2.47 billion Pennsylvania casinos have won online since July 2019.

Michigan has won \$2 billion online since Jan. 2021; Connecticut \$199.7 million since Oct. 2021; West Virginia \$137.4 million since July 2020; and Delaware \$42.2 million since Dec. 2013. Nevada offers online poker but does not break out that revenue separately from the in-person revenue casinos report to the state.

Those figures are for online casino games only, and do not include sports betting revenue, which is reported separately.

New Jersey is on the verge of extending its law permitting internet gambling for another 10 years, and during Thursday's opening session of the casino conference, the state's Democratic governor, Phil Murphy, promised he would sign the bill if it passed.

A 2018 U.S. Supreme Court ruling in a case brought by New Jersey cleared the way for all 50 states to offer legal sports betting should they choose to do so. With that rapid expansion came an expectation in some quarters that internet gambling would almost automatically grow at a similarly rapid pace.

He said there are lingering concerns, particularly among some state legislators, that internet gambling could cannibalize revenue and customers from brick-and-mortar casinos — even though the gambling industry itself has established that has not been the case.

Casinos initially had the same concerns when New Jersey launched internet gambling in Nov. 2013. Luisa Woods is vice president of Delaware North, the gambling, hospitality and sports company that owns casinos in New York, Arizona, Arkansas, Florida, West Virginia and Ohio.

US steps up diplomatic efforts with China on Taiwan, Russia

(AP) — The Biden administration on Friday ramped up its diplomatic efforts to press China to end provocative actions against Taiwan and warned it about any active support for Russia in its war against Ukraine.

Secretary of State Antony Blinken made both cases in a meeting with his Chinese counterpart on Friday in a meeting on the sidelines of the annual U.N. General Assembly in New York, according to U.S. officials. The session was one of the few that Blinken kept on his schedule after the death of his father on Thursday.

The officials wouldn't describe the Chinese response, but said Foreign Minister Wang Yi was receptive to the messages and that the two men discussed the need "to maintain open lines of communication and responsibly manage the U.S.-China relationship, especially during times of tension."

The talks between Blinken and Wang come amid a period of intense tensions on

both issues and ahead of an expected meeting in November between Presidents Joe Biden and Xi Jinping. Biden's recent comments about Taiwan and China's tacit support for the war in Ukraine are just two of the latest irritants in relations between Washington and Beijing.

State Department spokesman Ned Price said Blinken had affirmed to Wang the administration's commitment to "maintaining peace and stability across the Taiwan Strait" despite Biden's assertion earlier this week that the U.S. would send troops to defend Taiwan in the event of a Chinese invasion.

China regards the self-governed island of Taiwan as its sovereign territory, has not ruled out force to reunify it with the mainland and has in recent months stepped up military activity in the area. That activity is at least partially in response to high-level U.S. congressional visits to Taipei, including by House Speaker Nancy Pelosi, and stepped-up American arms sales. Blinken "stressed that pre-

serving peace and stability across the Taiwan Strait is critical to regional and global security and prosperity," State Department spokesman Ned Price said in a statement. It added that the U.S. remains committed to its "one-China policy" which does not support Taiwanese independence.

On Russia, U.S. officials said Blinken underscored the damage that would be done to the Sino-U.S. relationship should Beijing take a more active role in supporting the war in Ukraine. U.S. officials

have said they are cautiously optimistic about recent comments from Chinese leaders about their concerns over the war and its consequences, and Blinken wanted to drive the point home.

Blinken "highlighted the implications if the PRC were to provide support to Moscow's invasion of a sovereign state," Price said in the statement. "PRC" refers to China's formal name, the People's Republic of China.

The U.S.-China relationship has become increasingly

fraught in recent years over multiple issues, including the persecution of Muslims and ethnic minorities in China's western Xinjiang region, clampdowns on dissent in Tibet and Hong Kong, aggressive Chinese actions in the South China Sea and against Taiwan, and the handling of the coronavirus pandemic.

Nonetheless, Price said the U.S. continues to be "open to cooperating with the PRC where our interests intersect." One area the U.S. hopes to continue coordination is on climate change.

Russian men join exodus, fearing call-up to fight in Ukraine

(AP) — Military-aged men fled Russia in droves Friday, filling planes and causing traffic jams at border crossings to avoid being rounded up to fight in Ukraine following the Kremlin's partial military mobilization.

Queues stretching for 10 kilometers (6 miles) formed on a road leading to the southern border with Georgia, according to Yandex Maps, a Russian online map service.

The lines of cars were so long at the border with Kazakhstan that some people abandoned their vehicles and proceeded on foot — just as some Ukrainians did after Russia invaded their country on Feb. 24.

Meanwhile, dozens of flights out of Russia — with tickets sold at sky-high prices — carried men to international destinations such as Turkey, Armenia, Azerbaijan and Serbia, where Russians don't need visas.

Among those who reached Turkey was a 41-year-old who landed in Istanbul with a suitcase and a backpack and plans to start a new life in Israel.

Putin announced a partial military call-up on Wednesday. The total number of reservists involved could be as high as 300,000.

Some Russian men also fled to neighboring Belarus, Russia's close ally. But that carried risk.

The Nasha Niva newspaper, one of the oldest independent newspapers in Belarus, reported that Belarusian security services were ordered to track down Russians fleeing from the draft, find them in hotels and rented apartments and report them to Russian authorities.

German government officials voiced a desire to help Russian men deserting military

would receive refugee status in Germany if they are at risk of serious repression, though every case is examined individually.

But they would first have to make it to Germany, which has no land border with Russia, and like other European Union countries has become far more difficult for Russians to travel to.

The EU banned direct flights between its 27 member states and Russia after the attack on Ukraine, and recently agreed to limit issuing Schengen visas, which allow free movement across much of Europe.

Four out of five EU countries that border Russia — Latvia, Lithuania, Estonia and Po-

land — also recently decided to turn away Russian tourists.

Some European officials view fleeing Russians as potential security risks. They hope that by not opening their borders, it will increase pressure against Putin at home.

Latvian Foreign Minister Edgars Rinkevics said Thursday that many of those fleeing “were fine with killing Ukrainians. They did not protest then. It is not right to consider them as conscientious objectors.” The one EU country that is

Finland border guards said Friday that the number of people entering from Russia has climbed sharply, with media reporting a 107% increase compared with last week.

At Vaalimaa, one of the busiest crossings on the border, the line of waiting cars stretched for half a kilometer (a third of a mile), the Finnish Border Guard said.

“It’s hard to describe what’s happening. I feel sorry for those who are forced to fight against their will. I’ve heard

Syrian official says so far, 77 dead in migrant boat sinking

(AP) — At least 77 people were killed when a boat carrying migrants sank off Syria this week, the country's health minister said Friday, amid fears the death toll could be far higher.

The incident was deadliest so far as a surging number of Lebanese, Syrians, and Palestinians have been trying to flee crisis-hit Lebanon by sea for a better future in Europe. Tens of thousands have lost their jobs while the Lebanese pound has dropped more than 90% in value, eradicating the purchasing power of thousands of families that now live in extreme poverty.

Syrian authorities said victims' relatives have started crossing from Lebanon into Syria to help identify their loved ones and retrieve their bodies. The vessel left Lebanon on Tuesday and news of what happened first started to emerge on Thursday afternoon. The boat was carrying

Syrian, Lebanese and Palestinians.

Syrian state-run TV quoted Health Minister Mohammed Hassan Ghabbash as saying 20 people were rescued and were being treated at al-Basel hospital in Syria's coastal city of Tartus. He added that medical authorities have been on alert since Thursday afternoon to help in the search operations.

An official at al-Basel, speaking on condition of anonymity under regulations, told The Associated Press that eight of those rescued were in intensive care. The official also confirmed the 77 deaths. There were conflicting reports on how many people were on board the vessel when it sank, with some saying at least 120. Details about the ship, such as its size and capacity, were also not clear.

Lebanese Transport Minister Ali Hamie said the sur-

vivors included 12 Syrians, five Lebanese and three Palestinians. Eight bodies have been brought back to Lebanon early Friday, according to Lebanese Interior Minister Bassam Mawlawi.

After sunset Friday, bodies of more victims, including two Palestinians, were brought to Lebanon. They were tak-

en in seven ambulances and headed south from the Arida border crossing toward the northern city of Tripoli.

Earlier in the day, Tartus governor Abdul-Halim Khalil told the pro-government Sham FM Radio that the search was underway for more bodies off his country's coast. Khalil said the boat

sank on Wednesday.

Syria's state news agency, SANA, quoted a port official as saying that 31 bodies were washed ashore while the rest were picked up by Syrian boats in a search operation that started Thursday evening.

Denmark to allow 'significantly reduced' mink production

(AP) — Denmark's government said Friday that a temporary ban on mink breeding will expire Jan. 1, allowing mink production to resume in the country but at a "significantly reduced" level than before the coronavirus pandemic.

The government nearly two years ago ordered a cull of millions of minks and banned their farming to minimize the risk of the small mammals retransmitting the virus to contain a mutated version that could spread to people.

At first the ban was set to expire at the end of 2021 but was extended for a year.

As of Jan. 1, it will again be permitted to keep mink in Denmark.

It was not immediately clear whether there would be a cap on the number of animals per farm. There will be limits on the number of people allowed to visit farms, and farmers will be required to register the names of visitors.

The Environment and Food Ministry said health officials now think "there is a limited risk to public health by resuming significantly reduced mink production and by introducing infection prevention measures."

The government said the

decision to lift the temporary ban was based on an assessment by the Statens Serum Institut, a government agency that maps the spread of diseases in Denmark.

Food, Agriculture and Fisheries Minister Rasmus Prehn and institute officials plan to meet later Friday with representatives of the Danish mink industry to "review the infection prevention measures for the industry."

The government said veterinary and health authorities have drawn up a model with requirements for handling COVID-19 in mink herds that breeders must "implement and comply with

in order to be able to keep mink again after the turn of the year."

Denmark was one of the world's main mink fur exporters, producing an

estimated 17 million furs per year. Copenhagen Fur, a cooperative of 1,500 Danish breeders, accounts for 40% of global mink production. Most of its exports went to China and Hong Kong.

Protesters fear climate change impact, demand aid for poor

(AP) — Youth activists staged a coordinated "global climate strike" Friday to highlight their fears about the effects of global warming and demand more aid for poor countries hit by wild weather.

Protesters took to the streets in Jakarta, Tokyo, Rome and Berlin carrying banners and posters with slogans such as "We are worried about the climate crisis" and "It's not too late."

The demonstrations were organized by the Fridays for Future youth movement that took its cue from activist Greta Thunberg, who began protesting alone outside the Swedish parliament in 2018.

"We're striking all over the world because the govern-

ments in charge are still doing too little for climate justice," said Darya Sotoodeh, a spokesperson for the group's chapter in Germany.

"People all over the world are suffering from this crisis and it's going to get worse if we don't act on time," she said.

Police said some 20,000 people attended the rally in Berlin, which featured calls for

the German government to establish a 100-billion-euro fund for tackling climate change.

In Rome, some 5,000 young people turned out for a march that ended near the Colosseum.

One placard read: "The climate is changing. Why aren't we?" Students highlighted among their priorities the

need to rethink Italy's transport policies. The country's ratio of cars per inhabitant is one of the highest in Europe.

In Italy's election campaign, which wraps up on Friday evening ahead of the Sept. 25 vote for Parliament, climate change policies didn't figure heavily at candidates' rallies.

The protests follow warnings from scientists that countries aren't doing enough to meet the 2015 Paris climate accord's top-line target of limiting global warming to 1.5 degrees Celsius (2.7 Fahrenheit) this century compared to preindustrial times.

U.N. Secretary-General Antonio Guterres told world leaders this week that the fossil fuel industry, which is responsible for a large share

of planet-warming gases, is "feasting on hundreds of billions of dollars in subsidies and windfall profits while household budgets shrink and our planet burns."

Guterres urged rich countries to tax the profits of energy companies and redirect the funds to both "countries suffering loss and damage caused by the climate crisis" and those struggling with the rising cost of living.

Demands for poor nations to receive greater financial help to cope with global warming, including the destruction already wrought by deadly weather events such as the floods in Pakistan, have grown louder in the run-up to this year's U.N. climate summit.

Spain plans tax hike for millionaires to help those in need

(AP) — Spain's Socialist-led coalition government is planning a temporary higher tax rate on the richest 1% of the country from next year, in addition to its windfall taxes on large energy companies and banks.

"We are proposing a redistribution of the effort, among those who have the most, to fund the welfare state, which is everybody's," Socialist Prime Minister Pedro Sánchez said in a speech Friday.

Finance Minister María Jesús

Montero says the measure targets only millionaires. The expected increase in tax revenue will be used to alleviate hardship brought by higher prices for energy and food, she says. The annual inflation rate climbed to 10.5% in Spain last month.

The exact increase and scope of the tax measure are still being worked out, the government says.

The Socialists' junior coalition partner, Unidas Podemos (United We Can), is pushing for the new tax to perma-

nent. The current top rate of in-

come tax, for those earning more than 300,000 euros

(\$293,000) a year, is 47%. The highest capital gains tax is 26%.

However, regional governments have some leeway on taxation, and some of them run by the conservative Popular Party — the country's main opposition party — have been cutting taxes, saying that step will spur growth.

A debate and vote by lawmakers on the government's proposed windfall tax on companies is expected in the coming weeks.

Celtics suspend coach Ime Udoka for 2022-23 season

(AP) — The Boston Celtics have suspended Ime Udoka for a full year, banning the coach who led them to the NBA Finals last spring for the entire 2022-23 season over what two people with knowledge of the matter said was an improper relationship with a member of the organization.

The people spoke to The Associated Press on condition of anonymity because the team did not reveal that detail publicly. In a statement issued Thursday night after a full day of wrangling over the terms of the punishment, the Celtics said Udoka violated team policies and left open the possibility that a longer separation could follow.

“A decision about his future with the Celtics beyond this season will be made at a later date,” the team said.

Assistant coach Joe Mazzulla will take over as interim coach, one of the people who spoke with The AP said. The defending Eastern Conference champions are scheduled to hold media day on Monday and open training

camp on Tuesday in preparation for the Oct. 18 season opener.

In a statement published by ESPN, Udoka apologized “to our players, fans, the entire Celtics organization, and my family for letting them down.”

“I am sorry for putting the team in this difficult situation, and I accept the team’s decision,” he said. “Out of respect for everyone involved, I will have no further comment.”

A longtime assistant in his first NBA head coaching job, Udoka led Boston to a 51-31 record last season — going 26-6 in the final 32 games. The Celtics beat Brooklyn, Milwaukee and Miami on the way to the NBA Finals, where they lost to the Golden State Warriors in six games.

The developments stunned the NBA and shook up a team that had been among the favorites to contend for a championship this season. It would be an unprecedented 18th title for the franchise.

It is unclear if Udoka and the Celtics will be as eager to reunite.

The 45-year-old Udoka spent the bulk of his NBA playing career with San Antonio and then joined Spurs coach Gregg Popovich’s staff as an assistant. Udoka was on the Spurs’ staff from 2012 through 2019, winning it all in ‘14, and he quickly found his way onto short lists for open head coaching jobs.

He spent the 2019-20 season in Philadelphia and the 2020-21 season in Brooklyn before the Celtics hired him in June 2021 as the successor to Brad Stevens -- who moved up to the front office. In Year 1, Udoka finished fourth in coach of the year voting and the Celtics came within two wins of the championship.

The bombshell on the eve of training camp is the latest twist heading into what was supposed to be a promising season for the NBA’s most-decorated franchise.

FIA denies Colton Herta the license needed to race in F1

(AP) — The governing body for Formula One on Friday said IndyCar star Colton Herta will not be granted the Super License the American needs to join the F1 grid next season.

The FIA decision was not a surprise.

Red Bull was interested in the 22-year-old Californian and considering giving Herta a seat at AlphaTauri, its junior team. AlphaTauri has already said that Pierre Gasly will return next season and Yuki Tsunoda received a contract extension earlier this week.

However, AlphaTauri has acknowledged it would release Gasly, who is apparently wanted at Alpine, but only if it had a compelling driver such as Herta to put in the car. F1 has not had an American on the grid since Alexander Rossi in 2015, but Herta did not particularly want the FIA to make an exception to the licensing system to get

him a seat.

At issue is how the FIA rates IndyCar, a series it does not govern. The points it awards to IndyCar drivers rank somewhere between F2 and F3, the two junior feeder series into F1.

IndyCar drivers have criticized the system in defense of Herta and the intense, close racing of their own highly competitive series. Herta has won seven IndyCar races, is the youngest winner in series history and has four starts in the Indianapolis 500. He qualified on the front row in 2021 and finished a career-best eighth in 2020.

Rossi, who has spent the last four seasons as Herta’s teammate at Andretti Autosport, lashed out this week because “I’m so sick and tired of this back and forth” regarding the licensing.

Rossi added those decisions “whether out of greed or necessity, is what cost Colton

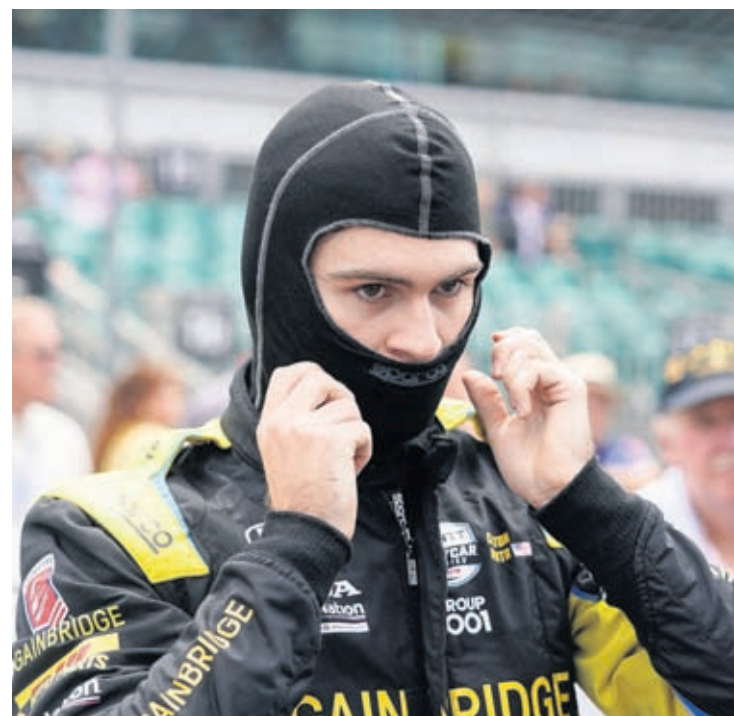

the opportunity to make the decision for himself as to if he wanted to alter career paths and race in F1. Not points on a license.”

The system favors drivers who compete in FIA-sanctioned series. For example, Linus Lundqvist earned his Super License by winning the Indy Lights championship, which earned him 18 points.

Lundqvist’s required points come via the 15 he earned for the Lights title, 10 points for finishing third in Lights last year and his 2020 victory in the FIA-governed Formula Regional Americas Championship, which earned him 18 points.

That gave the 23-year-old Swede a total of 43 points, three more than needed for the license.

Herta, meanwhile, ended the IndyCar season with 32 points. He can still earn a Super License by picking up one point for any free prac-

tice sessions he runs this year; McLaren holds his F1 rights and could put him in a car. Herta could also potentially run in an FIA-sanctioned winter series to pick up some points.

Michael Andretti, who has petitioned the FIA to expand its grid to add two cars for him to launch a team, said he never bothered to explore potential replacements for Herta on the IndyCar team because he was confident the

Super License request would be rejected.

Andretti has been met by severe resistance from existing F1 teams and even F1 itself in his hope to add an 11th team. Andretti could still get on the grid by purchasing an existing team and he’d like to build his program around Herta, who is under contract in IndyCar to Andretti through 2023.

Bills rule out 4 defensive regulars against Dolphins

(AP) — The Buffalo Bills will be missing four defensive regulars — and potentially more — for their AFC East showdown at the Miami Dolphins on Sunday.

Safety Micah Hyde, cornerback Dane Jackson, tackle Ed Oliver — all starters — and backup tackle Jordan Phillips were ruled out from playing Friday. In the meantime, starting safety Jordan Poyer and tackle Tim Settle are among five players listed as questionable after practicing on a limited basis.

The Bills (2-0) will most certainly be thin in their secondary even if Poyer (foot) is available. Rookie cornerbacks

Christian Benford and Kaiir Elam are now in line to start against a Tua Tagovailoa-led Dolphins offense which leads the NFL through two games with 703 yards passing. Benford and Elam opened the season sharing snaps at the the cornerback spot opposite Jackson.

Jackson, who opened the season starting in place of Tre'Davious White (left knee), did not practice this week. The third-year player was briefly hospitalized on Monday night when his neck snapped back when being hit by a teammate in a 41-7 win over Tennessee.

Miami (2-0) is coming off a 42-38 win over Baltimore in

which Tagovailoa threw for career-bests with 469 yards and six touchdowns in rallying the Dolphins from a 21-point fourth-quarter deficit.

Hyde is out after hurting his neck, and Phillips is out after hurting his hamstring against Tennessee.

Hyde and Poyer represent one of the NFL's top safety tandems since arriving in Buffalo together in 2017. Poyer has an interception in each of Buffalo's first two games this season, while the two led the team with five interceptions each last year.

Phillips started against the Titans in place of Oliver, who

will miss his second straight game after twisting his ankle in a season-opening 31-10 win over the Los Angeles Rams.

Also listed as question-

able are receiver Gabe Davis (ankle), tight end Dawson Knox (foot) and center Mitch Morse (elbow). Davis on Thursday said he expects to play.

Marijuana stays on doping banned list; opiate tramadol added

(AP) — Marijuana use will remain banned at sports events after the World Anti-Doping Agency on Friday resisted calls to change its status on the list of prohibited substances.

The agency was asked to review the status of THC — the psychoactive ingredient in cannabis — after the case of United States sprint-

er Sha'Carri Richardson, who did not go to the Tokyo Olympics last year. She served a one-month ban after testing positive at the national trials meet where she won the 100 meters. The sprinter said she had smoked marijuana as a way of coping with her mother's death.

In a separate decision, the opiate tramadol will now be

banned when athletes are competing from January 2024, the WADA executive committee decided at a meeting in Sydney, Australia.

Athletes who use cannabis were consulted by WADA-appointed experts whose conclusions included that it was "against the spirit of sport," the agency said.

Positive tests for THC at races and events, though not in training, can therefore continue to trigger bans as short as one month.

The debate "is not straightforward," WADA director general Olivier Niggli acknowledged Friday.

"WADA is also mindful that the few requests for THC's removal from the Prohibited List are not supported by the

experts' thorough review," he said. "We are also conscious that the laws of many countries — as well as broad international regulatory laws and policies — support maintaining cannabis on the List at this time."

WADA also noted the high threshold level to register a positive test for THC which is "consistent with a significantly impaired athlete or a frequent user."

Tramadol has been an issue in cycling which outlawed its use at races starting in 2019.

After the Tour de France in July, Nairo Quintana was disqualified from sixth place when two samples showed traces of the synthetic painkiller. He was not banned and is challenging his disqualification at the Court of

Arbitration for Sport.

"Tramadol abuse, with its dose-dependent risks of physical dependence, opiate addiction and overdoses in the general population, is of concern and has led to it being a controlled drug in many countries," WADA said.

The in-competition ban will be enforced in January 2024 giving time to educate athletes and team doctors and "address the safe use of tramadol for clinical purposes," WADA said.

The International Cycling Union's medical rules state "commonly reported adverse side effects of tramadol are dizziness, drowsiness and loss of attention, which are incompatible with competitive cycling and endanger other competitors."

Struggling Juventus reports record financial loss

(AP) — Juventus reported a record loss of 254.3 million euros (\$246 million) for the 2021-22 financial year at a board of directors meeting on Friday — adding to its recent struggles on the field.

It's the fifth consecutive year Juventus has reported a loss, and it's 44.4 million euros (\$43 million) more than in

2020-21.

Juventus said the increase in losses was mainly due to decreased income from TV rights and media revenues due to fewer Champions League matches.

Juventus was eliminated by Villarreal in the first knockout round of last season's Champions League.

The Bianconeri have also lost their opening two matches of this season's Champions League — to Paris Saint-Germain and Benfica — and have won just two of seven Serie A games.

Last weekend, Juventus lost at promoted Monza — raising questions about the status of coach Massimiliano Allegri.
